Water Conservation is Important!

Water is a precious resource! The Minnesota Department of Natural Resources encourages all communities to practice water conservation.

There are lots of ways to do that - don't water your driveway and sidewalks, use a rain barrel to catch rain water for your garden, plants and flowers; and mulch around your plantings.

Barnesville residents are also reminded that water restrictions are in effect **from June 1st to September 1st**. During these months, no lawns shall be watered or cars washed between 10 am and 7 pm. The ordinance is designed to conserve our valuable water resources and to help the City's water plant operate at its best.

Starting on June 1st, if your address ends in an odd number, you may water your lawn or wash cars on **odd-numbered days** (the 1st, 3rd, 5th days of the month, etc.) **from 7 pm to 10 am**. If the last digit of your address is an even number, you can water or wash cars on **even-numbered days** (2nd, 4th, 6th, etc.) **from 7 pm to 10 am**.

If you have a newly seeded or sodded lawn, it may be watered **daily** between 7 pm and 10 a.m. for up to six weeks after the sod is installed or the seeds have germinated. Gardens, flowers, trees, and shrubs may be watered with the use of a garden hose with an adjustable nozzle without restriction.

Complete ordinance available at City Hall.
